1.0 Status of Compliance with Permit Conditions [Permit Item IV.B.2(a)iv,v]

The Coalition developed and submitted a Storm Water Management Program (SWMP) and permit application form as required by the permit. The permit application was declared administratively complete and is currently under technical review. All members of the Coalition have been assigned permit numbers which can be found on the cover page. The Coalition is currently in compliance with the implementation schedules and measurable goals established in the SWMP as submitted.

2.0 Assessment of Appropriateness of Identified BMPs [Permit Item IV.B.2(a)ii]

The Coalition selected the BMPs included in the SWMP based on the requirements of permit requirements included in each minimum control measure. The BMPs selected are currently considered appropriate for reducing the discharge of storm water pollutants. The SWMP was reviewed by the TCEQ to determine if the SWMP met the MEP. The Coalition created an addendum to the SWMP in response to the TCEQ comments.

3.0 Progress towards achieving the statutory goal of reducing the discharge of pollutants to the MEP [Permit Item IV.B.2(a)iii]

The Coalition has developed and is implementing a SWMP consistent with the six minimum control measures required for meeting the statutory MEP requirement.

6	Disposal of Waste	Properly dispose of waste materials on a routine basis (years 2,3,4,5)	Not Due
6	Maintenance Office and Stockpile Material Storage Areas	Conduct an inspection of each pollution prevention plan at least once per permit term (years 3,4,5)	Not Due
6	Storm Sewer System Maintenance	Inspect/maintain approximately 50% of the system per year (years 4,5)	Not Due
6	Maintain Municipally Owned Construction Sites	Inspect and maintain municipally owned construction sites as required by the TCEQ Construction General Permit (years 4,5)	Not Due
6	Municipal Parking Lots	Inspect/maintain municipal parking areas at least once per year (years 4,5)	Not Due
6	Roadway Deicing Procedures	Properly use and remove deicing material. (years 4,5)	Not Due
6	Municipally Owned Industrial Facilities	Comply with the TCEQ MSGP at municipally owned industrial facilities that are eligible for MSGP coverage (years 2,3,4,5)	Not Due

6.0 Status of Any Additional Control Measures [Permit Item IV.B.2(b)]

The Coalition is currently implementing the required six minimum control measures and is not implementing additional control measures.

7.0 Any MCM Activities Initiated Before Permit Issuance (First Report Only) [Permit Item IV.B.2(c)]

The Coalition has conducted planning and SWMP development activities before the permit was issued in Texas. The TCEQ was required to provide a general permit for Phase II MS4's by December 2002. The TCEQ executed its permit in August of 2007. The EPA mandated full development of the SWMP by March 10, 2008. Since the TCEQ recently provided a permit vehicle to Texas Phase II MS4's full implementation of the required six minimum control measures will be completed by August 13, 2012 in accordance with the requirements of the TCEQ permit.

8.0 Results of Information Collected and Analyzed, if any, During the Reporting Period, Including Monitoring Data Used to Assess the Success of the Program at Reducing the Discharge of Pollutants the MEP [Permit Item IV.B.2(d)]

MCM	BMP	Records to be Maintained and Summarized in Annual Reports	Summary of Data
1	Flyers and Brochures	Estimated quantities of materials distributed or posted	Implementation Not Due
1	Impacts of Illegal Dumping and Littering	Estimated quantities of educational materials distributed to the public regarding the impacts of illegal dumping and littering	Implementation Not Due
1	Distribute Materials to Local Schools	The identities of the targeted schools and the estimated quantities of education materials distributed.	Implementation Not Due
1	Education of Construction Site Personnel	Estimated quantities of educational materials or guidance documents distributed	Implementation Not Due
1	Public Service Announcements	Number of different PSA's being aired by local media	Implementation Not Due
1	Storm Drain Marking	Number of storm drains marked	Implementation Not Due
1	Tax Bill Messages/Direct Mailing	Estimated number of tax bill messages/direct mailings distributed.	Implementation Not Due
1	Multi-Jurisdiction Storm Water Website	The number of website updates and estimated number of hits.	Implementation Not Due

2	SWMP Committee	The names of committee members and the number of committee meetings held	Implementation Not Due
2	Conduct Public Meetings	The number of public meetings held and associated sign in sheets	Implementation Not Due
2	Storm Water Hotline	The estimated number of calls received	Implementation Not Due
2	City-wide Cleanup	The estimated volume of litter collected	Implementation Not Due
3	Maintain and update the MS4 Outfall Inventory Map	By the third year, update the map with new drainage structures and outfalls as needed	Implementation Not Due
3	MS4 Outfall Inspection (Dry Weather Inspection of Outfalls)	Outfall inspections and investigations for each outfall	Implementation Not Due
3	Local Illicit Discharge Regulations	The number of enforcement actions issued based on the local illicit discharge regulations.	Implementation Not Due
4	Construction SWP3 Review and Permit Compliance	The number of plans reviewed and approved for construction under this program	Implementation Not Due
4	Construction Site Inspection	The number of construction site inspections performed and construction sites active and subject to the TCEQ Construction General Permit	Implementation Not Due
4	Local Construction Regulations	The number of enforcement actions issued based on the local construction regulations	Implementation Not Due
4	Construction Site Notice Posting	Quantity of site notices posted and the number of public reports received and considered under this program	Implementation Not Due
5	Development Project Plan Review	Development plans reviewed and approved under this program	Implementation Not Due
5	Inspection of Post Construction Control Measures	Inspection records and documentation of maintenance activities performed as a result of the inspection process	Implementation Not Due
5	Local Post Construction Site Runoff Regulations	The number of enforcement actions issued based on the local post construction site runoff regulations	Implementation Not Due
6	Litter/Garbage	The estimated volumes of litter/garbage	Implementation

	Collection	removed	Not Due
6	Pesticide and Herbicide Application	The appropriate licensing for City personnel responsible for the applications	Implementation Not Due
6	Maintenance of Roadways and Park Areas	Maintenance projects and the number of SWP3s developed and implemented	Implementation Not Due
6	Vehicle and Equipment Maintenance	The number of vehicles to be maintained	Implementation Not Due
6	Spill Prevention Plans	The number of facilities with Spill Prevention Control and Countermeasure (SPCC) plans and the current status of each SPCC plan	Implementation Not Due
6	Employee Training Program	The number of employees trained	Implementation Not Due
6	Disposal of Waste	Documentation regarding the disposal procedures for collected dredge spoil, accumulated sediments and floatables	Implementation Not Due
6	Maintenance Office and Stockpile Material Storage Areas	The number of pollution prevention plans developed and associated inspection records	Implementation Not Due
6	Storm Sewer System Maintenance	The estimated number of catch basins cleaned and/or repaired/inspected. Estimated linear feet of ditching completed in order to maintain flow line and remove sediment. Estimated volume of floatables removed from the system.	Implementation Not Due
6	Maintain Municipally Owned Construction Sites	The number of municipal construction sites maintained	Implementation Not Due
6	Municipal Parking Lots	Estimated number of parking lot inspections	Implementation Not Due
6	Roadway Deicing Procedures	The number of deicing events and material removal actions completed	Implementation Not Due
6	Municipally Owned Industrial Facilities	The name, permit number and permit compliance status of each municipally owned industrial facility	Implementation Not Due

9.0 Summary of the Storm Water Activities to be Undertaken During the Next Reporting Cycle (Including an Implementation Schedule) [Permit Item IV.B.2(e)]

The Coalition plans to continue implementation of the submitted SWMP according to the proposed implementation schedule. The BMPs highlighted in the implementation schedule below will be implemented during the next reporting cycle.

MCM	BMP	Full Implementation by End of

10.0 Proposed Changes to the SWMP Including Changes to any BMPs or Identified Measurable Goals that Apply to the Program Elements [Permit Item V.B.2(f)]

The Coalition currently has no proposed modifications to the Best Management Practices, Implementation Schedule or Measurable Goals in this minimum control measure.

11.0 The number of municipal construction activities authorized under this general permit and the total number of acres disturbed [Permit Item IV.B.2(g)]

The Coalition has not selected to implement the optional seventh minimum control measure and will authorize municipal construction projects separately under the construction general permit. The Coalition has conducted # projects that currently have permit coverage under the construction general permit. The total number of acres disturbed for the combined permitted projects is #.

12.0 The number of non-municipal construction activities that occurred within the jurisdiction of the permittee (as noticed to the permittee by the construction operator) [Permit Item IV.B.2(h)]

The Coalition has received # construction noticed for construction activities occurring within its jurisdiction. The Coalition will implement the construction site runoff minimum control measure according to the submitted implementation schedule. The implementation efforts include educating the construction community on submitting information and notices to the Coalition during construction permitting process.

13.0 Notice that the MS4 operator is relying on an another government entity [Permit Item IV.B.2(i)]

Brazoria County, City of Lake Jackson, City of Freeport, City of Clute, City of Richwood, City of Angleton, City of Alvin, Velasco Drainage District, Angleton Drainage District, Brazoria County C & R District No. 3, and Brazoria Drainage District No. 4 developed and submitted their SWMPs together, and will be working together as a coalition during the implementation process. The attached sheets list the responsible entities for each BMP. The drainage districts will comply with the TCEQ Construction General Permit for drainage projects. The drainage districts do not have adequate legal authority necessary to develop ordinances. The district’s jurisdiction overlaps with the city’s and the county’s jurisdictions for the entire urbanized area. Therefore, the district will rely on the cities’ and the county’s ordinance and legal powers to regulate construction site runoff and post construction site runoff. The cities will issue construction permits and conduct plan reviews within the drainage districts’ jurisdictions. The primary purpose of the coalition is to allow these necessary relationships and is supported by an inter-local agreement formalizing the relationships. The inter-local agreement will state that the cities’/county will be conducting “impacts of illegal

dumping and littering” and “distribute materials to local schools” on behalf of the drainage districts. The drainage districts will provide funds to help facilitate these efforts. The drainage districts do not actually claim ownership of any storm drain inlets which is why they did not elect to participate in “Storm Drain Marking”.
