TPDES General Permit No. TXR040000

2. Is the named permittee relying on another entity/ies to satisfy some of its permit obligations? Yes No

If Yes, provide the name(s) of other entity/ies and an explanation of their responsibilities (add more spaces or pages if needed):

Name and Explanation: **See Attachment A**

Brazoria County, City of Lake Jackson, City of Freeport, City of Clute, City of Richwood, City of Angleton, City of Alvin, Velasco Drainage District, Angleton Drainage District, Brazoria County C & R District No. 3, and Brazoria Drainage District No. 4 developed and submitted their SWMPs together, and will be working together as a coalition during the implementation process. The attached sheets list the responsible entities for each BMP. The drainage districts will comply with the TCEQ Construction General Permit for drainage projects. The drainage districts do not have adequate legal authority necessary to develop ordinances. The district's jurisdiction overlaps with the city's and the county's jurisdictions for the entire urbanized area. Therefore, the district will rely on the cities' and the county's ordinance and legal powers to regulate construction site runoff and post construction site runoff. The cities will issue construction permits and conduct plan reviews within the drainage districts' jurisdictions. The primary purpose of the coalition is to allow these necessary relationships and is supported by an inter-local agreement formalizing the relationships. The inter-local agreement will state that the cities'/county will be conducting "impacts of illegal dumping and littering" and "distribute materials to local schools" on behalf of the drainage districts. The drainage districts will provide funds to help facilitate these efforts. The drainage districts do not actually claim ownership of any storm drain inlets which is why they did not elect to participate in "Storm Drain Marking".

3. Is the named permittee sharing a SWMP with other entities? Yes No

If "Yes," list all associated permit numbers and permittee names (add additional spaces or pages if needed):
